Chief Secy.

I propose the alteration of the wording of the notification as indicated on another paper just up.—
My reason for the alteration is, para 22, assumes the publication of lists before hand, & so, the exception should refer to cases in which lists have not been published, & not to cases in which lists have been published.—
My alteration does not alter the sense.—

**Delay in the disposal of Darkhasts under new Revenue Rules.**

*Summary of discussion.*—There is delay in disposal of Darkhasts arising from the necessity of allowing a month's notice for sale and another month for confirmation of sale. Darkhasts should be accepted and cultivation permits granted in one or two weeks from date of darkhast.

*Note.*—Similar representations were made from all the other Districts also, Representatives from Kolar adding that the delay was all the more prejudicial in those numerous cases in which land was applied for just in time for cultivation when the season proved favorable.

*Dewan's reply.*—A month perhaps is too long. A week should suffice and may be fixed if the Schedules A and B have been published in the Village Chavadi.

### PROCEEDINGS.

*Dated 28th January* 1893.

No. 13543-50.
R. 1638.

Observing that when the first purchaser of a land applied for by him fails either to deposit the 25 per cent or to pay up the balance of purchase money, he will neither be liable to make good the deficiency nor entitled to any excess, which may accrue at the resale of the land.

Mysore Govt. C. Press, Bangalore.—9-2-93.—120.

*Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 28th January 1893.*

READ :—

Letter No. 337, dated 20th August 1892, from the Deputy Commissioner, Hassan District.

I beg to advert to para 23, Rule 20, of the Land Revenue Rules, directing that when a land applied for for cultivation is sold, a provision should be inserted in the conditions of sales requiring the deposit by the purchaser of a sum equal to 25 per cent of the amount of his bid and in default of such deposit the property should again forthwith be put up and sold and to para 24 directing that the full amount of the purchase money shall be paid by the purchaser before the 15th day from date of sale, and as instances have arisen in which after the deposit of one-fourth of the amount bid for, default has been made in payment of the full purchase amount, I solicit instructions whether the deposit amount should be returned to the defaulting bidder and the land resold without any risk and expense attaching to the said defaulting bidder. Cases pending disposal before me are of lands for which there is only one Darkhastdar. In these cases, the question is simple, whether the defaulting bidder forfeits the one-fourth of the amount deposited by him or not. I understand the para is not authorizing such forfeiture. But cases will also be frequent where in cases of such sales there will be more than one Darkhastdar.

It has to be noticed that in cases of sales of lands for the arrears of revenue under Section 40, it is clearly laid down in Clause IV of the sale proclamation and Notification *vide* Appendix J, Form No. VII, that the resale for non-payment of the deposit on the date of sale or of the residue of the purchase money on the due date, shall be conducted at the expense and risk of the first purchaser.

There is also an instance of Malki sale in which the full amount was paid, not on the due date, but two days after, without satisfactory reason for the delay.

ALSO

Letter No. 206, dated 24th October 1892, from the Deputy Commissioner, Kadur District.

I have the honor to submit the accompanying correspondence (ending with Tarikere Amildar's No. 360 of the 8th instant) on a sale of Government assessed waste land (No. 75, dry of Hoshalli village, measuring 22 acres and assessed at Rs. 14) for the disposal of which a solution of technical point involved therein is called for.

The land referred to having certain trees, was after due proclamation sold and knocked down to one Hayath Sab, the highest bidder, for Rs. 20—0—0. But he having failed to deposit 25 per cent of the amount of his bid, the land was resold then and there and knocked down to one Imam Sab for Rs. 2-6-0 which was less than the highest bid in the first sale by Rs. 17—10—0.

The question is whether the purchaser in the fist sale, should or should not, be held responsible for the loss that accrued in the 2nd sale.

Para 23 of Rule XX of the Land Revenue Rules, apart from authorizing the immediate resale in case of default to deposit 25 per cent of the amount of bid, does not lay down whether the purchaser, should or, should not, be made answerable for any loss that may accrue eventually in the 2nd sale.

Again para 24 of the same rule, while fixing the time within which the full amount of purchase money, should be paid up, does not lay down what steps should be taken in case the full amount of the purchase money is not paid within the prescribed time ; and if the land is resold, whether the purchaser should be made responsible for the loss, if any, in the 2nd sale.

Sections from 179 to 183 of the Land Revenue Code which treat of *Sales of Lands for arrears of revenue* are complete in themselves, but I do not see, any clause in the Code, or Rules to apply their provisions to the *Sales of Lands applied for cultivation.*

In a case almost similar to the one in question (*vide* correspondence ending with Yedahalli Deputy Amildar's No. 401, dated 29th November 1891), Colonel Campbell has recorded an opinion that the omission mentioned above is "singular," and that the rules laid down for the sales of lands for arrears of revenue should be adopted to sales of lands applied for cultivation. I am myself of opinion that the omission is intentional, rather than singular as Colonel Campbell puts it, as I presume that it is intended that the mere loss of the land is sufficient punishment to the highest bidder failing to pay up the 25 per cent of his bid. But I feel disinclined to act up to it in direct contravention of Colonel Campbell's view in a similar case. An authoritative ruling of Government on the point is therefore expedient.

I think it may not be out of place to bring to the notice of Government, in connection with this reference, that there is no form of Notification prescribed for the sales of lands applied for cultivation. I would urge the necessity of prescribing one, as is done for the sales of lands for arrears of revenue to keep uniformity. I therefore enclose a sample form which does not need much amendment in case Colonel Campbell's view is upheld, though the rules themselves may. If on the other hand, any amendment of the existing rules is deemed uncalled for, the adoption of the sample form, with a few alterations to correspond with the spirit of the existing rules, may be sanctioned.

I solicit the favor of early orders on this reference with a view to dispose of the sales on some uniform principle.

---

No. 13543-50—R. 1638, DATED, BANGALORE, 28TH JANUARY 1893.

ORDER THEREON.—The foregoing correspondence relates to the conditions under which a resale of land applied for under Section 58 of the Mysore Land Revenue Code and Rules passed thereunder for cultivation, should take place in the event of the first purchaser failing either (*a*) to deposit 25 per cent of the price, or (*b*) to pay the balance of the purchase money within the time prescribed by law.

The questions referred for the orders of Government are—

(1) Whether in both cases the resale should be held at the risk and expense of the defaulter.

(2) Whether in the second case (*b*) the deposit amount should be forfeited by or returned to the defaulter.

2. The Government observe that the provisions of Sections 181 and 182 of the Mysore Land Revenue Code, do not apply to lands sold under Section 60 of the said Code. In the absence of any express provision, either in Section 60 or in any Rules framed thereunder, similar to what is contained in Sections 181 and 182, the omission on the part of the first purchaser, to pay either the deposit amount forthwith or the balance of price, will not render him liable to make good the deficiency or entitled to any excess which may accrue, in the amount of highest bid at the second sale. The defaulter cannot claim, as a matter of right, a refund of the deposit amount, but it will be discretionary with Government to order the repayment of the deposit less the expenses of sale, on the special recommendation of the Deputy Commissioner.

Para 24, Rule XX of the Land Rev: Rules requires the purchaser of a land in public auction, to pay up the full amount of purchase money before the evening of the 15th day from the date on which the Sale takes place.

2. Para 25 of the same rule lays down that in cases of lands, the Sale proceeds whereof are below Rs. 50, the Amildar is competent to confirm the Sale after the expiry of 10 days

from the date of sale.

3. The representation of the members of the Dasara Representative Assembly was that it was not expedient to confirm the sale before payment of the full amount of purchase money, for which 15 days' time is allowed, and that, therefore, the time for such payment should be fixed at 10 days and para 24 amended accordingly.

4. The interval between the date of sale and the date of confirmation by the Amildar (in cases where the sale proceeds are below Rs. 50) was fixed at 30 days when the Rev: Rules were first issued. But on the representation of the members of the Dasara Representative Assembly held in 1890 that there was delay in disposing of

Amendment of para 24, Sect XX of the Land Rev: Rules.

Summary of discussion.

According to para 24, Section XX of the Land Revenue Rules, the period allowed for full payment of the purchase money in the case of a land-sale is 15 days from the date of the sale. Para 25 gives authority to the Amildar to confirm sales of land where the sale proceeds are below Rs 50 after the expiry of 10 days from the date of sale. As it is not expedient to confirm the sale before payment of the full amount of the purchase money, it is necessary that the time for such payment should be fixed at 10 days and the rule in para 24 amended accordingly.

Sir,

The Amildar of the Belur Taluk having brought to notice the difficulty that exists at present in the disposal of dunkasts for waste land owing to frequent Complaints received from European Planters that they are not kept informed of the sale of such lands I have the honor to report that the main cause of such Complaints Consists in the publication of the Istihars of sale written up in Canarese by the Taluk officials. These Istihars

when

when taken. Cothem are returned back without being signed or acknowledged on the ground that they are ignorant of Canarese and cannot understand what is cantained therein. They at the same time urge that these should be prepared in English. As the Taluk officials are generally ignorant of English it is not easy to comply with the request of the Planters. I would therefore suggest that Istihar forms may be ordered to be printed in English specifying the Conditions Contained in para 22 to 26 of Rule XX of the Mysore Land Revenue Rules for the use of the European Planters of this District.—

to the Dewan of Mysore.

Sir,

With reference to Government Proceedings No. 13543-50 / R 1638 of the 28th January 1893, which, while deciding the question raised as to the procedure to be adopted in a case where the first purchaser of a land fails either to deposit the 25 per cent or to pay up the balance of purchase money within a prescribed time, did not pass any orders in regard to the

the suggestion made in my letter No. 206 dated 24th October 1892 about the necessity of prescribing and issuing printed forms of Notification for sale of lands applied for cultivation, I have the honour to state that I have observed since, that some of the Taluks of this District are using Printed forms obtained on their own authority to avoid the laborious task of preparing several manuscript forms almost every day, while others continue to use manuscript forms bearing the pressure of work. Each Taluk has its own form, manuscript or printed, varying in the conditions of sale. Some of them have a few unauthorized

conditions

conditions inserted, while others have a few authorized conditions omitted.

I am of opinion that the issue of printed forms in a prescribed form will, on the one hand, tend to remove the mischief and confusion likely to accrue by the use of the present objectionable forms, and on the other hand, to considerably relieve the overworked Valuk Establishments of this task; and should my suggestion commend itself to Government, I beg that you will kindly arrange with the Press to supply the printed forms at your earliest convenience, as numerous deathbeds are being received daily now for Naval lands in addition

to others.
